# Evergreen Virtual Academy Healthy and Safe Schools Plan

## Introduction

In 2017, the Oregon State Legislature passed SB 1062, which requires that, every school district, education service district, and public charter school develop a Healthy and Safe Schools Plan (HASS Plan). Each organization's HASS Plan has specific requirements that must be included for the HASS Plan to comply with state law. All HASS Plans are due to the Oregon Department of Education by July 1, 2022. Additionally, each school district, education service district, and public charter school is required to certify annually that the organization continues to comply with the requirements of the HASS Plan by filing an Annual Statement. The following plan was developed to meet these requirements.

EVA Office	400 Virginia Avenue, Suite 114, North Bend, OR 97459

### 3. Elevated Levels of Lead in Water Used for Drinking or Food Preparation

The Evergreen Virtual Academy leases space in an office building. Our school does not normally host students as it is a virtual school. In order to ensure that our staff and/or any guests that visit the administrative offices have access to clean drinking water, we contract with Vend West Services, Inc. to provide bottled water. The water is 100% natural spring water and comes from Earth 2 O, an Oregon Company. Their Annual Water Quality Report can be found at:

<https://earth2o.com/water-report/>

All school districts, education service districts, and public charter schools are required to test for and eliminate exposure to elevated levels of lead in water used for Drinking and Food Preparation through either remediation or eliminating access, according to OAR 333-061-0400 and OAR 581-022-2223. In conformance with those administrative rules, Evergreen Virtual Academy certifies the following:

1. All testing was done according to the testing requirements in OAR 333-061-0400;
2. All samples were analyzed by a lab accredited by Oregon Health Authority to test for those materials;
3. All water fixtures required to be tested under OAR 333-061-0400 were tested for elevated levels of lead in accordance with the testing schedule developed by the Oregon Health Authority; and
4. The testing schedule for each building covered by this plan is set forth below:

Facility Name	Year of Last Test	Next Scheduled Test (Beginning of 6 year schedule)	Schedule or Exemption Reason
EVA Office	N/A	2022 fiscal year	6 year schedule

EVA complies with the federal Asbestos Hazard Emergency Response Act (AHERA). All required asbestos management plans are available for viewing by submitting a request to Jamie Stiles.

EVA is not required to develop an integrated pest management plan as required by ORS 634.700 through ORS 634.750 due to the fact that it does not facilitate a campus.
